

THANK YOU FOR MAKING
an Impact

Prepared For: Mr. Don Gallimore
County Sanitary Engineers Association of Ohio

County Sanitary Engineers Association of Ohio Civil and Environmental Engineering Scholarship
(314588)

Established October 16, 2013. Funds are used to provide one or more renewable scholarships for students majoring in either Civil Engineering with an environmental specialization or Environmental Engineering with preference given to those interested in water and wastewater management.

The College of Engineering is deeply grateful for the continuing support from your scholarship fund. A scholarship is the single most impactful way to make a difference in an engineering student's education, career, and life. **YOU** make an Ohio State education obtainable for your scholarship recipient(s)! On behalf of your past, current, and future scholarship recipients, **THANK YOU!**

Your 2015-2016 Scholarship Recipient(s):

Patrick Paul Goddard

- Senior
- Environmental Engineering

September 1, 2015

Dear County Sanitary Engineers Association,

I am extremely thankful to be a recipient of your scholarship for the 2015-2016 academic year. I am truly passionate about Environmental Engineering and water/wastewater in particular so this ~~scholarship~~ scholarship will make it that much easier to focus on my studies and continue my passion. Ever since my older brother graduated from Ohio State with a mechanical engineering degree I've known I want to be an engineer as well.

I plan to graduate in the spring of this ~~year~~ academic year and I am currently considering graduate school. I would love to continue my education here at Ohio State as it has been the best four years of my life. The experience of coming here is second to none and I have met some of my closest friends in my major courses.

Outside of classes I am a member of Engineers for a Sustainable World, Engineers for Community Service, and a brother/founding father in Beta Theta Pi fraternity. This scholarship will make it much easier to focus ~~on~~ on my studies & extracurriculars and I am extraordinarily grateful.

THE OHIO STATE UNIVERSITY
COLLEGE OF ENGINEERING

Thank you again,
Sincerely,
Patrick Goddard
